girls who code

[THE MISSION] ——— Level up by becoming a coder this summer. Get the skills, network, and community you need to change the world with our two free programs.

(WELCOME TO THE GAME)　　　　　　　(CHOOSE YOUR ADVENTURE)

VIRTUAL SUMMER IMMERSION PROGRAM

Prefer a multiplayer experience? For just two short weeks, build out your network and invest in your future self.
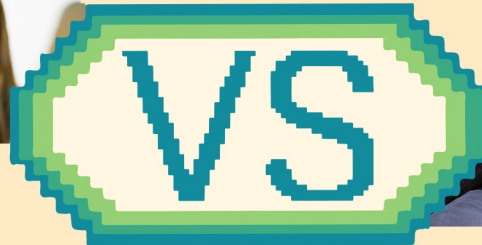

Who gets to join?
- All girls and non-binary current high-school students, with or without prior coding experience.
- Eligible students may qualify for grants and tech supplies.

What will you learn?
- Become a coder by learning the basics of game design.

What's in it for you?
- Level up with incentives like grants and tech supplies.
- Community and sisterhood from a caring team of teachers.
- Meet mentors from leading tech companies who can help you progress through every level of your career.
- Access a lifetime of benefits, community and career support.

VS

SELF-PACED SUMMER PROGRAM

Prefer single-player life? Then the six-week self-paced program is for you. Become a coder on your own schedule.

Who gets to join?
- All high-school students and summer alumni, with or without coding experience.

What will you learn?
- Choose from data science, cybersecurity, and web development courses.

What's in it for you?
- Network weekly with mentors who can help you progress through every level of your career.
- Connect weekly with fellow program participants.
- Access a lifetime of benefits, community and career support.

What do GWC Alumni have to say? "When I first started the program I knew next to nothing about coding. I wasn't interested in it and I didn't understand it. But after doing it I met so many new friends and found a passion for coding that wasn't there before."
