## **ANNUAL NOTIFICATION: Rights Pertaining to Student Records**

The School District maintains many student records including both directory information and confidential information.

Directory information includes: a student's name; address; telephone number; date and place of birth; major field of study; participation in officially-recognized activities and sports; height and weight, if a member of an athletic team; dates of attendance; date of graduation; or awards received.

Directory information can be provided upon request to any individual, other than a for profit organization, even without the written consent of a parent. Parents may refuse to allow the Board to disclose any or all "directory information" upon written notification to the Board. For further information about the items included within the category of directory information and instructions on how to prohibit its release you may consult the Board's annual *Family Education Rights and Privacy Act* (FERPA) notice which can be found on the district website.

Other than directory information, access to all other student records is protected by FERPA and Ohio law. Except in limited circumstances as specifically defined in State and Federal law, the School District is prohibited from releasing confidential education records to any outside individual or organization without the prior written consent of the parents, or the adult student, as well as those individuals who have matriculated and entered a postsecondary educational institution at any age. The Board will provide access or release directory information to armed forces recruiters unless the parent or student requests that prior written consent be obtained.

Confidential records include test scores, psychological reports, behavioral data, disciplinary records, and communications with family and outside service providers.

Students and parents have the right to review and receive copies of all educational records. Costs for copies of records may be charged to the parent. To review student records please provide a written notice identifying requested student records to the building principal. You will be given an appointment with the appropriate person to answer any questions and to review the requested student records.

Parents and adult students have the right to amend a student record when they believe that any of the information contained in the record is inaccurate, misleading or violates the student's privacy. A parent or adult student must request the amendment of a student record in writing and if the request is denied, the parent or adult student will be informed of his/her right to a hearing on the matter

Consistent with the Protection of Pupil Rights Amendment (PPRA), no student shall be required, as a part of the school program or the District's curriculum, without prior written consent of the student (if an adult, or an emancipated minor) or, if an unemancipated minor, his/her parents, to submit to or participate in any survey, analysis, or evaluation that reveals information concerning: 3

## **ANNUAL NOTIFICATION: Rights Pertaining to Student Records cont.**

- A. political affiliations or beliefs of the student or the student's parents;
- B. mental or psychological problems of the student or the student's family;
- C. sex behavior or attitudes;
- D. illegal, anti-social, self-incriminating or demeaning behavior;
- E. critical appraisals of other individuals with whom respondents have close family relationships;
- F. legally recognized privileged and analogous relationships, such as those of lawyers, physicians, and ministers;
- G. religious practices, affiliations, or beliefs of the student or his/her parents; or
- H. income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such a program).

Consistent with the PPRA and Board policy, parents may inspect any materials used in conjunction with any such survey, analysis, or evaluation. Please contact the building principal to inspect such materials.

Further, parents have the right to inspect, upon request, a survey or evaluation created by a third party before the survey/evaluation is administered or distributed by the school to the student. The parent will have access to the survey/evaluation within a reasonable period of time after the request is received by the principal.

### **AREA/ROOM ASSIGNMENT/BUILDING HOURS**

Students are to be in assigned areas at all times. Any time a student is in an area/room without permission or at a time when they are not assigned, he/she will be subject to disciplinary action.

Students are not permitted to leave school property during school hours without having an authorized office adult sign the student over to the custody of an authorized adult.

Students should not arrive at school prior to 7:00 a.m. The academic wing does not open until 7:05, therefore from 7:00-7:05 any student in the building must report to the cafeteria unless a prior arrangement has been made with a staff member. **Students should be picked up after school by 2:40 p.m. unless supervised by a teacher, advisor, or coach.**

## ATTENDANCE

Regular daily class attendance and punctuality are necessary in order for the learning process to be effective. Studies show that students who miss school frequently experience great difficulty in achieving the maximum benefits of instruction. We are aware that there are occasions when a student cannot be present and thus may miss an essential learning experience. All children between ages six (6) and eighteen (18) are of compulsory school age and must attend school. It is the responsibility of the parent/guardian to cause the child to attend school. (ORC 3321.03)

### Absence Categories

#### Medically Excused:

1. Doctor or dental appointments with a written statement from a physician: Such absences are for the actual time necessary to complete the appointment and are not to be considered a reason to be absent for a whole day.
2. Extended absence verified by a written statement from a physician. Physician's excuses may only medically excuse absences or tardies to school for the specific date(s) the student was under direct medical care.

#### Excused:

Student is absent from school with his/her parents' knowledge and the reason is deemed valid under the law. Students, parents and guardians should understand that absences may only be excused based on the definitions established by the State of Ohio. Phoning the school or sending a note does not automatically excuse an absence. The following are VALID reasons for absence from school:

1. Personal illness: The attendance office may require a physician's note. On excessive absences, a letter may be sent to the parent. Parent contact will then be requested. A doctor's statement may be needed for any future absence. Continued absences may result in a referral to juvenile court or further consequences including expulsion.
2. Illness in the family: Instances will be discussed and determined by the attendance office.
3. Death of a relative: Absence is limited to three days unless reasonable cause can be shown for an extension.
4. Observance of religious holidays: A student may be excused for the purpose of observing a religious holiday, provided it is required by his/her religion. If observance of such a holiday requires only attendance at a religious service, the student should attend such service before or after school if possible.
5. Vacation: Please see Vacation Policy.
6. Subpoena to court: Documentation from court is necessary for the absence to be excused. The absence is excused for only the time required to be in court.
7. Emergency or set of circumstances which in the judgment of the administration constitutes a good and sufficient cause of absence.

#### Unexcused:

Student is absent from school with his/her parents' knowledge, but for a reason deemed to be unacceptable under the law.

### *Truant:*

Student is absent from school and/or any part of class without parents' and/or school official's knowledge or permission. The student may not be permitted to makeup work for unexcused absences and disciplinary action may be taken. Continual school truancy may be filed with the Juvenile court.

### Absence from school procedures

Parents or guardians MUST phone the school before or within one hour of the school day start time to report student absences. After that time period, a phone call will be made to a parent/guardian. In the event that phone contact is not made, a signed note from a parent or guardian explaining the reason for the absence MUST be submitted on **your** return to school. Students who return to school without a phone call or note will be considered truant unless an excuse is provided from a parent/guardian within 24 hours of their return to school. ⑨

### Attendance prior to a school function

Students, unless excused by the administration in advance, must be in attendance the entire day in order to attend dances or any other scheduled school event. Lunch does not count as a class period. See Extra/Co-Curricular Code of Conduct for attendance requirements for participation in athletic contests, musical contests and performances.

### 65-hour absence policy

Up to 65 hours of absence excluding "medically excused absences" but including tardies, from school per school year for the reasons identified as "Excused Absences" may be documented by a parent note. Medical notes shall be required for every absence after 65 hours of absence regardless whether those 65 hours are excused, unexcused, or a combination of both. The physician's written excuse or court documentation must be received within three days of the absence. Again, physician's excuses may only excuse absences or tardies to school for the specific date(s) the student was under direct medical care.

### Make Up Work

Students are responsible for making up class work missed due to any absence. As a general rule, a student will receive one day per each day of excused absence to make up missed work. Additional days may be granted upon administrative approval. Students may not receive credit for work missed due to the following reasons: 1. Truancy 2. Skipping class 3. Misuse of hall passes. 4. Any unexcused absence.

### Family Vacation/Leave Request Policy

1. Please email the administration at least one week prior to the days of absence.
2. Vacation requests shall not be granted to students who have accumulated 65 hours or more of absence and all absences due to vacation or family leave will accumulate towards the 65-hour threshold.

### Extended Absence/Home Tutoring

This service is provided for all students who will be out of school for an extended period of time due to illness verified by a doctor. The student's guidance counselor facilitates home tutoring.

## Early Dismissal Procedures

Each time a child leaves school, he/she is missing vital teaching and learning time. All early dismissals will accumulate toward the 65-hour threshold. If it is necessary for a child to leave school early:

A verifiable note from the parent/guardian must be delivered to the main office on the day the student is to be dismissed early. Parents/guardians must sign out their son/daughter in the main office.

## Truancy Defined

Excessive Absences are defined as follows: 38 or more hours in one school month (30-day period) with or without a legitimate excuse; 65 or more hours in one school year with or without a legitimate excuse.

## Procedures for Excessive Absences

1. The district will notify the student's parents in writing within seven (7) days of the triggering absence. 2. All absences excluding medical absences after the 65 hours will count toward habitual truancy.

Habitual Truancy is defined as follows: 30 or more consecutive hours without a legitimate excuse; or 42 or more hours in one school month (30-day period) without a legitimate excuse; or 72 or more hours in one school year without a legitimate excuse.

## Procedures for Habitual Truancy

1. Within seven (7) days of the triggering absence, the school will do the following: a. Make three (3) meaningful attempts to secure the student's parent/guardian's participation on the absence intervention team (mail Parent Invitation and complete "Attempts to Contact Parent" page); b. Select members of the absence intervention team.

2. Within ten (10) days of the triggering absence, the student will be assigned to the absence intervention team;

3. Within fourteen (14) days after the assignment of the team, the district will develop the student's absence intervention plan;

4. If the student does not make progress on the plan within 61 days OR continues to be absent without legitimate excuse while the absence intervention plan is in effect, the district will file a complaint in Juvenile Court. Membership of the Attendance Intervention Team (AIT) shall be as follows: 1. A representative from the school or district. 2. An additional representative from the school/district who has a relationship with the student. 3. The student's parent/guardian. 4. The student.

## **BUS TRANSPORTATION (937-848-4029)**

Each student is expected to follow the school policy, bus rules, and guidelines set by the Board of Education, Administration, and State of Ohio. Students should be at their bus stop (place of safety) at least five (5) minutes prior to the scheduled arrival time.

- Students not sitting properly on a seat will receive three (3) warnings before a formal write-up.
- Students must stay seated until the bus is at a complete stop and the airbrake is on. Three (3) warnings before a formal write-up.

- Students not at their assigned "safe spot" before the bus arrives and after drop off will result in formal write-up. A parent will be notified.
- Students attempting to board another bus without proper permission and paperwork will result in formal write-up and sent to the authorized bus. The Building Principal and parents will be notified. To ride another bus, students must submit a request to the transportation office 72 hours in advance.
- Verbal altercation or foul language will result in an immediate formal write-up and one (1) day suspension of bus privileges. The Building Principal will be contacted for any further discipline.
- Physical altercation or touching someone in an unkind way will result in an immediate formal write-up and at least three (3) days suspension of bus privileges. The Building Principal will be contacted for any further discipline. Parents will be notified.
- Any act of vandalism, marking or destroying any part of a bus will result in a formal write-up. Parents will be billed for replacement or repair. The Building Principal will be contacted for any further discipline.
- Throwing of any object inside or out of the bus window will result in formal write-up and possible suspension of bus privileges. Principal and parents will be notified.
- Possession or use of tobacco, drugs, or alcohol will result in immediate suspension of bus privileges and referral to the Building Principal and Superintendent for further discipline. Parents will be notified.
- Carrying of weapons will result in immediate suspension of bus privileges and referral to Building Principal and Superintendent for further discipline. Parents will be notified.

## **CHANGES OF ADDRESS/ENROLLMENT INFORMATION**

All changes of enrollment information must be reported to the school office immediately and changed in Final Forms. This includes, but is not limited to: name, address, phone, email address, health status, emergency contacts, guardianship, and custody or other court orders. Failure to do so may result in withdrawal procedures.

## **COMMUNICATIONS**

Teachers, administrators, counselors, and other staff will communicate with parents via email, Remind app, or by phone. Please keep contact information current in Final Forms. Also, be sure to follow the district on social media.

## **CONTRABAND/PHONES/NON-ACADEMIC ITEMS**

Students are expected to bring to school only items/materials needed for classroom activity or assigned by the teacher. Items that are potentially dangerous, harmful, or disruptive are not permitted in the school and possession will result in disciplinary action. Scooters, wheels on shoes and skateboards are not permitted. Headphones, Ipods, MP3 players, smartwatches may not be used during classes without teacher permission. Phones should be turned off or kept on silent mode during school hours. Phones cannot be accessed during class unless given permission by the teacher. Phone use is not permitted in restrooms and locker rooms. Students should also not bring large amounts of money to school. The school will not be responsible for lost/stolen items/damaged items. Students are responsible for safely securing items of value.

## **DANCES**

School-sponsored dances are for Bellbrook Middle School 7th and 8th-grade students only. All school rules are in effect including the policy for student dress. Students are not permitted to re-enter dances once they leave.

## **DISCIPLINARY CODE OF CONDUCT**

The administrators and staff of BMS expect reasonable behavior from students. School rules are designed to protect the educational process from disruption, to conduct school and activities in an orderly manner, and to ensure the safety and welfare of the students and staff. All school rules are in effect any time students are on school property, riding school buses, or in attendance at a school-related activity away from BMS. Disciplinary action, depending on the severity of the infraction, may be a warning, parent notification, community service, in-school studies, out-of-school suspension, and/or expulsion. It is the decision of the school administration after weighing the circumstances as to which measures are taken. In some instances, the school may provide referrals to law enforcement authorities. An "emergency removal" of a student may be deemed necessary.

All suspendable offenses as stated in O.R.C. 3313.66 are covered in this discipline policy. If a situation occurs that is not covered in this Student/Parent Handbook, BMS administrators will take appropriate commensurate action.

### DETENTIONS

Violation of the Code of Conduct may result in a student being issued a detention by a staff member or the administration. The student will be given one week to serve the detention and should have the slip signed by their parent/guardian and turned into the office the following day. **Failure to serve assigned detention within one week may result in being assigned to In-School Studies.** Detentions are conducted on Tuesdays and Thursdays before school at 7:00 a.m. and after school, until 2:55 p.m. Detentions will be served in the Main Office unless otherwise notified.

### IN-SCHOOL STUDIES

Students may be assigned to In-School Studies (ISS) upon violation of the code of conduct depending on the offense. Students will be responsible for having an ample amount of assignments to complete or other work when assigned to In-School Studies. Schoolwork completed during assignment to In-School Studies will be credited to the student. There are no appeals of In-School Studies.

### OUT-OF-SCHOOL SUSPENSIONS

If a student receives an out-of-school suspension, the student is prohibited from any and all extra-curricular activities and is not to be found on the school district property during the duration of the out-of-school suspension. Credit will be given for work missed due to out-of-school suspension provided the student completes and submits all required assignments within three (3) school days upon return to school. It is the student's responsibility to request assignments from teachers.

### PERMANENT EXCLUSION OF NON-DISABLED STUDENTS

Permanent Exclusion shall mean the student is banned forever from attending a public school in the State of Ohio. As authorized by law, the Board of Education may permanently exclude any student who has been found guilty of committing, when sixteen years of age or older, any of the following offenses while on school grounds and which are considered to be crimes when committed by an adult:

- possession or involvement with a deadly weapon
- trafficking in drugs
- murder, involuntary manslaughter, assault or aggravated assault
- rape, gross sexual imposition, or felonious sexual penetration on school grounds, at a school event, or when the victim is an employee of the district
- complicity, regardless of where the complicity occurs, of any of the above crimes.

### **DRESS (STUDENT)**

Student dress and appearance reflects in both a positive and negative way upon the school and the student body. Dress, which is distracting to the educational process or presents a health or safety hazard (as determined by the building administration), will not be allowed. Violations may result in disciplinary action or removal from school or school activities.

## **DRESS cont.**

The following are examples of dress styles that are unacceptable:

- Hats, bandanas/scarves, blankets or hoods worn in the building.
- Failure to wear shoes.
- Clothes that do not adequately cover the body and undergarments; i.e. no halter tops, bare midriffs, mesh clothing, spaghetti straps, miniskirts. No short shorts (min. of 4 in. inseam). Sleeveless tops should be at least 2 inches wide on the shoulder.
- "Sagging" pants or shorts worn below the normal waistline.
- Clothing or jewelry which expresses any profanity, hate messages, sexually suggestive pictures or phrases, and/or is degrading.
- Clothing or jewelry that advertises alcohol, drugs, tobacco or weapons.
- Coats worn in the classrooms except with teacher permission.

The administration will make the determination on whether dress items or accessories are disruptive to the educational process.

**See Appendix C - Dress Code more**

## **DRUGS**

No student shall use, possess, have in his/her locker, access to, sell, intend to sell, transport, give away, or conceal any drugs or paraphernalia that is commonly associated with drugs. Such articles shall include but not be limited to pipes, papers, clips, and all look-alike drugs, etc.

The School has a "Drug Free" zone that extends 1,000 feet beyond the school boundaries as well as to any school activity and transportation. This means that any activity - sale, use, distribution, or use of drugs, alcohol, fake drugs, steroids, inhalants, or look-alike drugs is prohibited. If caught, the student could be suspended or expelled and law enforcement officials may be contacted.

The possession, sale, distribution or use of drugs, alcohol, fake drugs, steroids, inhalants, or look-alike drugs is prohibited. This includes non-alcoholic beers and wines, steroids, and the like. It is against the law, if you are under 21 years of age, to possess any tobacco substance. A student possessing tobacco will be suspended and may be referred to the police department. Many drug abuse offenses also are felonies.

Students considered to be "under the influence" will be confronted with the indicators, and if there are no apparent reasons for this condition the student may be suspended and the police will be notified.

## **EAGLE PERIOD**

Students will not be permitted to leave Eagles for the first 10 minutes of that period unless it is an emergency. Following that time period, students should be permitted to leave the EAGLE period if they have a signed EAGLE pass or have permission via email from the teacher. This pass or email should be obtained by the student from the classroom teacher prior to arriving at EAGLE period. If the student does not have a pass, he/she is not to leave the room unless the EAGLE period teacher has granted permission to go to the restroom, etc. This should be avoided whenever possible because the student has the opportunity to use the facilities, etc. during lunch. Some club meetings will take place during the EAGLE period. Students are to check in with their EAGLE teacher first before going to the meeting. The Peer Tutor room is available to students during the EAGLE period. They may be required to attend. If they want to attend, they need to get permission from a teacher or counselor.

## EAGLE PERIOD cont.

### Library CHANGES TO ENTIRE SECTION

17

Students may be excused to go to the library if they have a prior written EAGLE pass (when library is open). Students may also go to the library to check out a book, etc. (browse). If the student wishes to go to the library and does not have a pass, the EAGLE period teacher is to give the student a pass. Due to the large number of students wishing to use the library, all students may not be permitted to enter. Those students with an EAGLE pass will take precedence over those there to "browse." Students should not be sent to the library to work on group projects. If a teacher wishes for students to work in a group, they should make arrangements elsewhere. An example, the students could work in an empty classroom with teacher permission. Students must always sign the EAGLE period sign-out sheet when leaving the EAGLE period classroom.

## EMERGENCY CLOSING OR DELAYS

Emergency closings or delays are reported to Dayton area radio and television stations as soon as possible (listed as Bellbrook-Sugarcreek Schools). Families may also sign up to be notified via the REMIND app. In the event of a delay, students are not to arrive at school before the delayed starting time. Generally, no one is available to answer the school phone during closings or delays.

18

## ENROLLMENT

New students under the age of 18 must be enrolled by their parent or legal guardian. To register a new student, parents should view procedures on the district website. When enrolling, parents must provide copies of the following:

- a birth certificate or similar document
- court papers allocating parental rights and responsibilities, or custody (if appropriate)
- proof of residency
- proof of immunizations (see page 27 for more information)

Students enrolling from another school must have an official transcript from their previous school in order to have credits transferred. The building guidance counselor will assist in obtaining the transcript, if not presented at the time of enrollment.

Homeless students who meet the Federal definition of homeless may enroll and will be under the District Liaison Homeless Children with regard to enrollment procedures.

A student suspended or expelled by another public school in Ohio may be temporarily denied admission to the District's schools during the period of suspension or expulsion even if that student would otherwise be entitled to attend school in the District. Likewise, a student expelled or otherwise removed for disciplinary purposes from a public school in another state and the period of expulsion or removal has not expired may be temporarily denied admission to the District's schools during the period of expulsion or removal or until the expiration of the period of expulsion or removal which the student would have received in the District had the student committed the offense while enrolled in the District. Prior to denying admission, however, the Superintendent shall offer the student an opportunity for a hearing to review the circumstances of the suspension or expulsion and any other factors the Superintendent determines to be relevant.

Foreign students and foreign-exchange students (from recognized and approved student programs) are eligible for admission on the same basis as other non-resident students.

## **EXTRACURRICULAR ACADEMIC ELIGIBILITY**

Eligibility requirements for participating in athletic programs must conform with, but may exceed, regulations of the Ohio High School Athletic Association (OHSAA). They will include the requirements that a student have the written permission of his/her parent or guardian and shall have been determined as physically fit for the sport or activity by a licensed physician. A physical form must be on file prior to the student trying out or practicing for a sport. The physical must have taken place within one calendar year. All Bellbrook-Sugarcreek secondary school students, including those with an IEP, are subject to this policy.

Criteria for eligibility in grades 7-12 includes:

2.0 GPA derived from the previous quarter grades. Students with a 1.5 or above and below a 2.0 GPA from the previous quarter may participate on probation but must attend a twice-weekly study table as scheduled by the athletic/counseling department. The duration of the attendance at the study table will be for the entire quarter of participation. At the end of the probationary quarter, the student will return to full eligibility status with a 2.0 GPA. Students will not be eligible for a probationary quarter if they were on probation or ineligible the previous quarter.

Students will be eligible if they pass five (5) subjects in a quarter and have met the GPA requirements.

Student Activities that fall under this policy:

- A. All high school/middle school athletics
- B. All high school/middle school marching bands
- C. School plays/musicals, student council
- D. Other high school or middle school student activities that may involve competitive events with other schools' students

## **EXTRACURRICULAR CODE OF CONDUCT**

Co-curricular and extracurricular activities are a valuable part of the total program at Bellbrook High School and Bellbrook Middle School. It is a privilege to participate in student co/extra-curricular activities and is not a right according to the law. Since it is a privilege and participation is voluntary for these activities, the student makes a choice to be a positive role model for other students as well as an appropriate representative of the school system. Thus, the student will have higher expectations placed upon him/her than those of the remaining student body. This representation of the school district carries with it the additional responsibility of maintaining the highest personal and ethical conduct. Co/extra-curricular participants include but are not limited to, athletics, cheerleading, band, winter guard, national honor society, drama, and clubs.

Students who participate in co-curricular and extracurricular programs at Bellbrook High School and Bellbrook Middle School will receive a copy of the entire policy when their season or activity begins. Students who fail to sign for and abide by policy that requires them to refrain from using alcohol, drugs, or tobacco will not be permitted to participate. This policy governs student use of these illegal substances on and off of school grounds 365 days a year.

## EXTRACURRICULAR CODE OF CONDUCT cont.

Parents/Guardians are encouraged to review the Co-Curricular and Extracurricular Code of Conduct with their son/daughter to prevent a violation. Violation of the Code of Conduct will result in the student losing their eligibility to participate.

The following Code of Conduct governs all students participating in co/extra-curricular activities during the entire year (365 days) and is in effect at any time, whether or not the activity is currently taking place or is in season, and any place, on or off school property. Violation of the following code of conduct will result in the student being ineligible for any co/extra-curricular activity as set forth below under the heading "Consequences of Infractions to the Code."

- Use or possession of alcoholic beverages, tobacco products, or illegal drugs is expressly forbidden. Anyone who aids or abets another in committing an infraction concerning alcoholic beverages, tobacco products, or illegal drugs, will be treated as though he/she had violated the first sentence of this paragraph.
- A student should conduct himself/herself both in and out of school in a manner that reflects good citizenship. Any behavior that results in dishonor to the student, his or her event or team, or school will not be tolerated. Acts of unacceptable conduct include, but are not limited to, theft, vandalism, disrespect, and violation of laws (excluding traffic violations).
- A student under a disciplinary out-of-school suspension, expulsion or exclusion, will not be eligible to participate and/or attend (in any manner) any co/extra-curricular activities during the suspension, expulsion, or exclusion. The administration reserves the right to levy disciplinary action on any measures of misconduct not mentioned specifically in the above rules.

### General Code Guidelines

- All students, grades 6-12 involved in co/extra-curricular activities, will be considered "participants" and bound by the Code of Conduct. No student shall be allowed to participate in any school activity (ex. game, match, contest) with a group/team until the Code of Conduct has been signed by the parent/guardian and the student and returned to the coach/advisor. Code of Conduct violations are accumulated at the middle school level (grades 6-8) and again during high school (grades 9-12). Middle school accumulation ends and high school accumulation begins with promotion from the eighth grade. Consequences earned during middle school (8th grade) will be carried over to the beginning of high school (9th grade) until all requirements have been fulfilled.
- A student who is not in school FOR THE ENTIRE STUDENT DAY will not be permitted to participate in any group (team) activity. Participation in any weekend, school break, and/or holiday break activity requires a full school day's attendance on the previous Friday and/or the last day of school. This is in effect until the next in-session school day. Any exceptions to this rule require the permission of the building principal or the student activities director.

## **EXTRACURRICULAR CODE OF CONDUCT cont.**

### General Code Guidelines cont.

- With prior approval by the building principal or the student activities director, as may be appropriate, additional standards and rules may be established in writing by the activity advisor or coach and become effective when given to each participant. The standards or rules shall be a part of the Code of Conduct for that activity.
- All students involved in co/extra-curricular activities must meet all grade requirements as mandated by the Bellbrook-Sugarcreek Local Board of Education and by the OHSAA, if applicable, to the activity. Failure to meet grade requirements shall not be an infraction of the Code of Conduct but shall result in suspension of participating in the activity until grade requirements are met and OHSSA rules, if applicable, have been followed.

### Infraction and Reinstatement Procedure:

An allegation of an infraction of this Code of Conduct may be referred to the Student Activities Director or Building Administrator by any of the following:

- Any principal or other school district employee (i.e. teacher, teacher aide, secretary, coach, custodian, bus driver, maintenance personnel, security personnel) adult chaperone, any student, or other advisor regarding an infraction during the school day, on school grounds, or during school-related activities; or
- Any principal, faculty member or advisor/coach or any law enforcement officer or agency at any time. Local law enforcement agencies may share information with school officials, when applicable, in an effort to promote a lifestyle among students that is tobacco, alcohol, and other drug free. Criminal conviction is not a requirement for enforcement of the Code of Conduct.

If it is determined that an infraction has occurred, the participant, the participant's parents/guardians, and the participant's coaches/advisors will be notified. The Co/extra-curricular Code of Conduct is in addition to any other policy, rule, or regulation of Bellbrook-Sugarcreek Schools. Violations of the Student Code of Conduct that result in suspension from school may also affect extra/co-curricular participation.

To be eligible for reinstatement after an infraction, the student must have complied with the reinstatement requirements noted under the appropriate offense. A written request for probationary reinstatement should be directed to the student activities director or building administrator. The reinstatement decisions will be made by the building administration and the decision will be final.

Any reinstatement is probationary and can be rescinded at any time. The reinstatement will be revoked if the student does not make timely progress toward completing any remaining requirements for probationary reinstatement or for any action considered derogatory to the school system, its students, employees and/or programs. Revocation shall be at the sole discretion of the building administrator and the decision will be final.

## **EXTRACURRICULAR CODE OF CONDUCT cont.**

### Self-Referral Process

Students, peers, parents, or other adults sometimes come to the realization that the use of alcohol, tobacco, and other drugs is affecting them and/or a student and may seek help for assistance. Student participants may self-refer/refer one time if they have no prior violations of the code, do not have police documentation of an incident, and no school investigation has been initiated. Students will be considered referred for assistance if the participant approaches a coach, athletic director, administrator, or counselor and voluntarily seeks assistance. Parent(s) may refer their own son/daughter. Parent referrals will be treated as self-referrals.

Participants that fall under the Referral/Self-referral category will not serve a penalty (first offense only), however, they must complete all other requirements for reinstatement for a 1st-time offense. Failure to comply will result in the denial of privilege to participate. Any future code violations will be treated as a second violation of the code of conduct. Self-referral cannot be used to avoid consequences for an already documented violation. Violations of the Student Code of Conduct that result in suspension from school may also affect extra/co-curricular participation.

### Consequences of Infractions to the Code

#### *First Offense:*

- Suspension from participating in all co-curricular and extracurricular activities for 25% of regular season contests/events from date notified by the Student Activities Director or Building Administrator. In all events, the Student Activities Director or Building Administrator shall have the final authority to decide what sport, activity, or organization the consequences shall apply.
- The participant will not participate in the next contest/event after determining an infraction has occurred and will be removed from any leadership role (ie. officer, captain) for the remainder of the year or sport season.
- In order to be reinstated after the suspension, the student and the parent/guardian must have complied with the following:
  - student must complete a tobacco, drug, and/or alcohol assessment if the infraction involved tobacco, drugs, and/or alcohol. The assessment is at student/family expense. The student must follow any suggestions/recommendations made by the assessor.
  - The student must have completed one half of the ten (10) hours of community service (assigned by the building principal or his/her designee) prior to returning to competition. Community Service must be completed in its entirety within 30 days of the date notified by the Student Activities Director or Building Principal.
  - The student must agree to complete an educational class/counseling related to correcting behavior that caused the suspension. This must consist of three (3) one-hour sessions with a school-approved counselor. Failure to complete such classes or counseling within 90 days shall itself be considered a violation of this Code of Conduct.

## EXTRACURRICULAR CODE OF CONDUCT cont.

Any number of suspended games, contests and/or events not fulfilled by the current season will be carried over into the next co/extra-curricular activity in which the student participates and successfully completes as defined by OHSAA official start and end dates. The student may not participate, travel, or be with the team/group in any games, contests, or events. Students will be permitted to practice at the coach's discretion. A coach/advisor may impose additional consequences on their participants who violate the Code of Conduct. Athletes will comply with OHSAA regulations on suspension. Failure to successfully complete the reinstatement requirements in their entirety will result in the student losing his/her eligibility to participate until those requirements are met.

### *Second Offense:*

- Suspension from participating in all co-curricular and extracurricular activities for 50% of regular season contests/events from date notified by the Student Activities Director or Building Administrator. The Student Activities Director or Building Administrator shall have the final authority to decide what sport, activity, or organization the consequences shall apply.
- The participant will not participate in the next contest/event after determining an infraction has occurred and will be removed from any leadership role (ie. officer, captain) for the remainder of the year or sport season.
- In order to be reinstated after the suspension, the student and the parent/guardian must have complied with the following:
  - The student must have completed a tobacco, drug, and/or alcohol assessment if the infraction involved tobacco, drugs, and/or alcohol. Assessment is at student/family expense. The student must follow any suggestions/recommendation made by the assessor.
  - The student must complete one half of 20 hours of community service (assigned by the building principal or his/her designee) prior to returning to competition. Community Service must be completed in its entirety within 30 days of the date notified by the Student Activities Director or Building Administrator.
  - The student must attend weekly counseling sessions conducted by a Certified Chemical Dependency Counselor for a minimum of four weeks. Students must provide written documentation of attendance. Failure to attend sessions will result in the loss of the student's eligibility.
  - Parents and student must attend a minimum of one family counseling session conducted by a Certified Chemical Dependency Counselor.
  - The suspended student will not travel, or be with a team/group in any games, contests, or events (athletes will also follow the OHSAA regulations on suspensions).
  - The student must provide monthly medically administered drug screens to the Student Activities Director/Building Administrator each month for two (2) months. Any positive results will be considered an additional Code violation. All costs incurred will be the responsibility of the parent/student.

## **EXTRACURRICULAR CODE OF CONDUCT cont.**

For third, fourth and subsequent violations, please see the Extracurricular Code of Conduct posted on the district's web page.

### Multiple Violations:

In the case of multiple violations, consequences will be imposed consecutively, not concurrently, i.e., the student cannot begin a second penalty until the first penalty has been completed.

## **FIELD TRIPS/ASSEMBLIES**

Field trips and assemblies may be held with the aid of donated funding during the year. These may be professional or student-prepared presentations. Students are to use courteous group manners. Displaying positive reactions to the presenters is expected. Behavior during classes and at field trips/assemblies determines the individual student's privileges to attend future field trips/assemblies. If the student's permission slip to attend field trips/assemblies/movies is not returned on time, the student will not be permitted to participate in the activity. All students are expected to ride the bus to and from school. If a student goes to and/or leaves a field trip with the parent, the parent will sign their child out. No child will be permitted to leave from a field trip with an adult who is not their parent. No siblings are permitted to attend field trips. Students attending a Field Trip for a class in which they are not enrolled in will be counted as an unexcused absence.

## **FOOD AND DRINK**

Food and drink are to be consumed only in the designated areas. No food or drink is to be taken into classrooms unless given permission for a special situation or with a doctor's note. Water bottles purchased at lunch must be consumed and disposed of prior to leaving the cafetorium. No glass bottles are permitted in the building. Students violating this rule will be subjected to disciplinary action.

## **HARASSMENT/BULLYING/CYBERBULLYING** (32)

Harassment, intimidation, or bullying toward a student, whether by other students, staff, or third parties is strictly prohibited and will not be tolerated. This prohibition includes physical, verbal, and psychological abuse, and violence within a dating relationship. The Board will not tolerate any gestures, comments, threats, or actions which cause or threaten to cause bodily harm or personal degradation. This policy applies to all activities in the School District, including activities on school property, on a school bus, or while enroute to or from school, and those occurring off school property if the student or employee is at any school-sponsored, school-approved or school-related activity or function, such as field trips or athletic events where students are under the school's control, in a school vehicle, or where an employee is engaged in school business.

## **HARASSMENT/BULLYING/CYBERBULLYING cont.**

Every student is encouraged, and every staff member is required, to report any situation that they believe to be harassment, intimidation or bullying directed toward a student. Reports may be made to those identified above. All complaints about harassment, intimidation, or bullying shall be promptly investigated. If the investigation finds an instance of harassment, intimidation, and/or bullying has occurred, it will result in prompt and appropriate remedial and/or disciplinary action. This may include suspension or up to expulsion for students, up to discharge for employees, exclusion for parents, guests, volunteers, and contractors, and removal from any official position and/or a request to resign for Board members. Individuals may also be referred to law enforcement officials.

If, during an investigation of a reported act of harassment, intimidation and/or bullying, the principal or designee believes that the reported misconduct may have created a hostile learning environment and may have constituted unlawful discriminatory harassment based on a Protected Class, the principal or designee will report the act of harassment, intimidation or bullying to one of the Anti- Harassment Compliance Officers so that it may be investigated in accordance with the procedures set forth in Policy 5517

## **HARASSMENT/BULLYING/CYBERBULLYING cont.**

Retaliation against any person who reports, is thought to have reported, files a complaint, or otherwise participates in an investigation or inquiry concerning allegations of harassment, intimidation, or bullying is prohibited and will not be tolerated. The School District shall implement intervention strategies to protect a victim or other person from new or additional harassment, intimidation, or bullying and from retaliation following such a report.

This policy shall not be interpreted to infringe upon the First Amendment rights of students (i.e., to prohibit a reasoned and civil exchange of opinions, or debate, that is conducted at appropriate times and places during the school day and is protected by State or Federal law).

When the identity of the complainant is known, the complainant shall be notified of the findings of the investigation, and as appropriate, that remedial action has been taken. If after investigation, acts of bullying against a specific student are verified, the principal or designee shall notify the custodial parent/guardian of the victim of such finding. In providing such notification care shall be taken to respect the statutory privacy rights of the perpetrator of such harassment, intimidation, and/or bullying.

If after investigation, acts of harassment, intimidation, and/or bullying by a specific student are verified, the principal or designee shall notify the custodial parent/guardian of the perpetrator of that finding.

## **HEALTH SERVICES**

The goal of school health service in Bellbrook-Sugarcreek Schools is to promote an understanding of positive health practices with the desired outcome of maintaining and improving the state of health in the school community. This goal will be accomplished through a program of providing minor emergency care, monitoring contagious diseases, identifying health needs through screening programs, enforcement of state rules and regulations regarding immunizations and providing current information about diseases, illnesses and health practices.

## HEALTH SERVICES cont.

### Health Clinic

A nurse is assigned to each building. The school nurse is available for consultations and handles any medical emergency that may occur during school hours. Please consult your school nurse should your child have medical/medication needs during the school day. The office staff and the nurse work closely together to manage all student medical needs. Students will be sent to the clinic for first aid and assessment of illness/injury by the nurse. After assessment of illness/injury, the student will return to class as soon as able. If they are unable to return to class, the parent/guardian will be notified by the nurse or a member of the office staff. The office staff assists the nurse if she is working in another building or completing necessary nursing tasks throughout the building.

Bellbrook-Sugarcreek Schools has partnered with SchoolCare for the documentation of health services. Parents can download an app and there is a parent opt-in option, where parents can see their student's visits to the clinic and case management services. SchoolCare will also help parents with access to care if needed. SchoolCare is FERPA and HIPAA Compliant.

All forms will be completed in FinalForms. It is imperative that parents provide current phone numbers throughout the school year in case of illness or emergency.

### Communicable Diseases

Emphasis on perfect attendance frequently encourages students to be in school when potentially contagious to others. Please take into consideration the following conditions that may require a student to be excluded from school:

- Fever (elevated oral temperature of 100.4 degrees or above) – readmitted after temperature is normal for 24-hour period of time, without fever reducing medications (such as Tylenol or Advil).
- Upper respiratory symptoms with coughing, green/yellow nasal discharge, or body aches, may indicate the flu or an infection, especially if accompanied with a fever.
- Vomiting and diarrhea may also be signs of a communicable disease, especially with multiple episodes. Students should be excluded from school until symptom free for a 24-hour period.
- Conjunctivitis (pink eye) – readmitted after treatment for 24-hours with antibiotic eye medication and/or no evidence of discharge in the eye unless determined to be allergic conjunctivitis.
- Suspicious skin eruptions, intense itching, and/or rashes of undetermined origin.
- Head lice until initial treatment is completed and all live lice are removed from hair and/or by the discretion of the school nurse.

Please report your child's specific contagious illness to the office personnel in order to monitor potential exposures within the classroom and to provide accurate information on reports to Greene County Combined Health District. Please let the school know of any changes in your child's medical condition.

## **HEALTH SERVICES cont.**

- Postural (Scoliosis or Kyphosis): Grades 6, 7 and 8.

### Immunizations

Students enrolled in preschool through grade 12 are required to have written proof on file that they have been immunized. To be in compliance with current Ohio law, students in grades K-12 will need the following vaccinations:

- Diphtheria, Tetanus, Pertussis: Four (4) or more of DTaP or DT or any combination · Tdap: Grades 7-12 only – one (1) dose of Tdap vaccine booster
- Polio: Three (3) or more doses of Polio (IPV or OPV) or four (4) doses if combination of IPV and OPV received
- MMR: Two (2) doses of measles, Mumps and rubella (MMR)
- Hepatitis B: Three (3) doses of Hepatitis B (HBV)
- Varicella: Two (2) doses of Varicella vaccine for grades K-7 and one (1) dose required for students in grades 8-11.
- Meningococcal (MCV4): One (1) dose required for grades 7-8; two (2) doses of MCV4 for grade 12 unless 1st dose given on or after the 16th birthday

Students who are not in compliance are to be excluded from school attendance no later than the fifteenth school day after admission unless otherwise exempt. An immunization exemption form (linked) must be on file if a child is not fully immunized due to medical/religion/personal reasons. Exclusion from school may happen in the event of a communicable disease outbreak for those students who are not fully immunized.

### Emergency Medical Authorization

The Board has established a policy that every student must have an Emergency Medical Authorization Form completed within the FinalForms account in order to participate in any activity off school grounds. This includes field trips, spectator trips, athletic and other extracurricular activities, and co-curricular activities. If parents do not complete FinalForms, this may jeopardize a student's educational program.

## **HEALTH SERVICES cont.**

### Policy for Administering Medications

The policy concerning administering medication to students is a requirement of State law. Many students are able to attend school regularly only through effective use of medication in the treatment of disabilities or illnesses that will not hinder the health or welfare of others. If possible, all prescribed and non-prescribed medications are to be given by the parent at home. If it is necessary to dispense any medication during regularly scheduled school hours and/or school sponsored activities, it will be done in accordance with the following procedures:

1. The appropriate person(s) appointed by the building principal will supervise the secure and proper storage and dispensing of medications. A prescribed drug must be received at the school office, in person, from the parent /guardian in the container in which it was dispensed by the licensed health professional.
2. Written permission must be received from the parent or guardian of the student, requesting that the school district comply with the licensed health professional's order. (parent/guardian should file Form: CO 0880-1 at the school office.)
3. The person(s) designated by the principal must receive and retain a statement complying with Ohio Revised Code and is signed by the licensed health professional who prescribes the drug. (Form: CO-0880-1)
4. If any of the information originally provided by the licensed health professional changes. A new form CO-0880-1 must be placed on file. Plus, a new one is to be filed for each school year.
5. No person who is authorized to dispense a prescribed drug and who has a copy of the most recent licensed health professional's statement would be liable in civil damages for administering or failure to administer the drug, unless he/she acted in a manner that would constitute "gross negligence or wanton or reckless misconduct."
6. No school person employed by the Board of Education will be required to administer a drug to a student except pursuant to requirements established under this policy. The Board of Education shall not require an employee to administer a drug to a student if the employee objects on the basis of religious convictions to administer the drug. (Legal References: O.R.C. Sections 3313.711, 3313.712, 3313.713, 4729.01)
7. Only in special circumstances as determined by the physician and parents, students may carry certain emergency medications such as an Epi-pen, rescue inhaler or Glucagon on their person. However, parents should also provide the school clinic a back-up in the event that the medication is misplaced, left at home or the student requires an additional dose. Form CO-0900, Authorization for Student Possession and Use of Medications, must be completed by physician and parent.
8. Cough drops are permitted. For safety reasons, please notify the classroom teacher and the school nurse if your child needs cough drops. Parent/guardian may provide your child with their own cough drops or non-mentholated/pectin lozenges are available in the health clinic.
9. The Board of Education recognizes that at times students may benefit from parent-recommended over-the-counter (OTC) medications for symptomatic treatment of minor illness, allergy or pain. Under this policy, administration of OTC medication(s) may be allowed, with parental consent only. Form: CO-0870 Authorization for Administration of Non-Prescription/Over-the-Counter (OTC) Medication must be completed and submitted by parent/guardian to administration of medication. The OTC medication form is available in FinalForms and can be updated at any time.

Students are to use only the locker assigned to them by the school. Lockers are the property of the school district and are subject to inspection and search at the discretion of the administration. The student assigned to the locker is responsible for any item found in that locker. Any attempt to circumvent the security of the locker (i.e. rigging) will be subject to disciplinary consequences. Locker doors should be kept shut. Students may decorate the inside of their lockers, but the outside of the locker should remain clear of decorations.

## **LOST AND FOUND**
