For baccalaureate college admission, the 19 stated units are required. Students may be admitted with one or two deficiencies and will be given the opportunity to complete these deficiencies while enrolled.

SELECTION CRITERIA FOR FALL TERM

Cincinnati reviews applications holistically and admits directly to major. Admission to selective programs will be very competitive and may require coursework beyond the "core curriculum." Students who wish to be considered for selective programs, the University Honors Program, or scholarships must have a complete admission file by the early action deadline. Admission to the two-year, regional colleges in Blue Ash and Clermont is "open" in most areas of study.

Test-Optional Admission: For fall 2021 and 2022, students will be able to apply to most University of Cincinnati programs with or without an ACT or SAT score. Students must indicate within their application whether they would like their score included for review and will have a brief window of opportunity to update their selection before their application is moved forward for review. If a student indicates they would like their score included in review, the test score must come directly from the testing agency.

Miami expects students to have completed as least two years of the same foreign language. Students who do not meet these standards will not be denied admission if they are otherwise qualified. Instead, they will be required to complete additional courses after they come to Miami. These courses will count toward graduation and many of them can fulfill other university requirements. They are regular college courses, not remedial courses.
