Construction Technology

Learning Lab C

Sports & Health Science
Video & Animation

Learning Lab B

Advanced Engineering Systems
Drone & UAS Technology

Our camp is designed to integrate various disciplines, showing students how STEM topics work together to drive innovation. This 4-day program is for GCCC's partner schools with students entering the 6th - 8th grade. Highly qualified math, science, career-technical instructors and GCCC students will work with the campers in GCCC's state-of-the-art facility to develop exciting projects. Each student will receive a T-Shirt and a variety bag.

Camp runs from 8:30 a.m. - 3:00 p.m.

Registration is \$50
